Score: 64.17% | MODERATE RISK | Suspicious indicators present. Review recommended.

Recommended Actions:

- Do NOT share OTPs, banking credentials, or identity documents with unverified parties.
- Cross-check all payment links and URLs via official bank / government websites or apps.
- Contact your bank and national cybercrime helpline immediately if money has already been sent.
- Preserve all evidence (screenshots, chat logs, transaction IDs) before deleting anything.
